*Those we love don't go away; they walk beside us every day.
Unseen, unheard, but always near, still loved,
still missed and held so dear.*

April 26, 2022

We, the family of the late Bishop Dr. Faye Moore, greet all of you who attended the two-day services honoring her life, with grateful hearts of thanks. We also would like to acknowledge those of you who were not able to attend, but reached out to us through phone calls, cards, condolence letters, flowers and plants, as well as text messages. Bishop Moore was dear to so many people, and we realize that it is difficult to express the true sentiments of how much we all miss her.

Your response to the news of her passing brought comfort to us all, and it kept going until she arrived at her final resting place. People traveled far and near to share in her home going celebration. We could never thank you enough for the overwhelming demonstrations of love shown to this family, and we are grateful to God for His love, His kindness and His tender mercies towards us.

We will definitely need your continue prayers to keep us strong as we look to the hills for healing of our broke hearts. We trust God to make us better day by day, and we have the assurance of His Holy Spirit being that Comforter that we need to make it from day to day.

May God's grace abide with each of you forevermore.

With sincere thanks,

Family of the late Bishop Dr. Faye Moore
